# Product Data Sheet

All part numbers require color code designation. See Color Code chart at the end of this section. If conductor coating differs from standard part number add identifier after stranding (i.e., UL 1213-18/19 blue with white stripe = 1213-18/19-69). Diameters and weights may vary among manufacturers. UL Styles 1213 and MIL-W-16878/4 (superseded by NEMA HP3) are interchangeable for 18 AWG and smaller. Multi-piece spools are standard.
