

Fiber Optic Cleaning Tool Kit

Single-fiber and Duplex
connectors

CORNING

Corning single-fiber connector cleaning kit is designed for effective cleaning of fiber optic connector end faces, whether fully accessible or in an adapter, in local area network (LAN), central office and outside plant environments. Whether performing a “dry” clean, “wet” clean or a combination of the two, each kit offers all the products recommended for cleaning connectors. Since electrostatic discharge (ESD) is a concern during a “dry” clean, this kit contains cleaners specifically formulated to dissipate static when the end-face is pulled across a cleaner surface or a stick inserted into an adapter.

Features and Benefits

Solvents are non-hazardous and ozone-safe
Shippable by air

Contains product for “wet” and “dry” cleaning
Convenience and versatility

Cleaners for “dry” clean dissipate static
Addresses electrostatic discharge (ESD) concerns

Part Number: TKT-CLEAN-SFC

Specifications

General Specifications

Product Type	Accessories
Packaging	Individual Packaging

Mechanical Characteristics

Dimensions (HxWxD)	22.86 cm x 31.75 cm x 15.24 cm (9 in x 12.5 in x 6 in)
Weight	1.6 kg (0.73 lb)

Chemical Characteristics

RoHS	Free of hazardous substances according to RoHS 2011/65/EU
------	---
